

A nighttime cityscape featuring a prominent, illuminated building with a large, dark, rectangular opening in its facade. The building's structure is a complex, geometric lattice of steel and glass, glowing with blue light. In the foreground, a multi-lane highway is visible, with light trails from cars and streetlights creating a warm, yellow glow. The sky is a deep blue, and other city buildings are visible in the background.

PROPOSALS, just SALES!

– introducing
Fixed Price Services

Becoming a Provider for Fixed Price Services

07

- To qualify, you will need to go through a **strict vetting process** after being approved for a provider account.
- Once you are qualified, you will be assigned as provider to our existing fixed price services. You can also **design your own services** in over 80 categories. Once your submitted service is approved, it will be listed on Crayfish.io platform.
- When a client purchases a fixed price service, it will be assigned to a qualified service provider on a **first come, first serve** basis. You then need to **initiate the project** within 1 working day.
- If you design a fixed price service, you will be given the priority to claim for it.
